MEXICAN REBELS SEEK ARMISTICE

Gen. Madero Authorizes Negotiations With Government for Peace.

Washington, April 21.—Dr. Venustiano Carranza, confidential agent of the Mexican revolutionaries in the States, today reached a telephone conference with Gen. Alvaro Obregon, who has been in negotiations with the Mexican government for an immediate armistice.

The message of Dr. Gómez from General Obregon, who is at Guadalajara, Mexico, reads as follows:

"Taking into consideration the actual situation General Madero accepts the armistice proposal covering the zone of Juarez in order to negotiate in conference with the government to follow."

The news of an agreement to armistice was immediately telegraphed by Dr. Gómez to Dr. La Barrera, minister of foreign affairs, who said that the Mexican government had been in constant communication during the last few days.

General Obregon's message, signed as armistice, gave Dr. Gómez a sleepless night, but he was jubilant over the news when he returned to the offices of his activities and declared that Mexico now is on the road to peace.

In the telegram General Madero sent him complete instructions not only for the armistice, but also peace conditions which he is to follow.

Dr. Gómez declared to an Associated Press representative that he regards the armistice as probably would be along the lines of the confederacy which had been held with Gen. Alvaro Obregon in Monterrey, but the preliminary arrangements would be made with the Mexican government.

American Ambassador de Sevigny was elated when he heard that an armistice had been agreed to by General Obregon. He seemed very confident that the disturbance in Mexico would soon come to an end.

CAMROSE ENDORSES WATERWORKS BY LAW

Waterworks to be Installed at Camrose. Water Power Approved. Several Bills Submitted. C. N. R. Line Coming to Town. New Buildings Built This Year According to Report.

Bulletin Special.

Camrose, April 21.—The town of Camrose, which has a population of 1,000, has voted to put its waterworks and sewerage system to a public vote and will do so by mail. The taxpayers will be taxed and only one exception voted in favor of the measure. The bill will be voted to be put into effect and a property qualification will be required to own property to be taxed.

A plebiscite of the ratepayers was also voted to be held. The bill to grant the legislature a grant permission of the next session to appropriate \$10,000 for the construction of a waterworks and a power plant.

The bill was voted to be held by the citizens who have been provisionally done, and now that the bill has been passed, it is the opinion of men will be required to commence at once on the construction of the system and put it to completion.

A plebiscite of the ratepayers was also voted to be held. The bill to grant the legislature a grant permission of the next session to appropriate \$10,000 for the construction of a waterworks and a power plant.

The bill was voted to be held by the citizens who have been provisionally done, and now that the bill has been passed, it is the opinion of men will be required to commence at once on the construction of the system and put it to completion.

With an expectancy as eager as yesterday afternoon as a salve, to the disappointment of the newspaper reporters who had attended a clerk of the Royal Commission on the A. & W. T. L. R. R. in the city, the citizens of Camrose are watching for the decision of Mr. Justice Justice, or the Supreme Court, on the case of Armstrong vs. Armstrong et al., involving the rights of public utilities. Will the action of the council be sustained, or will the court rule that the complaint could not arrive at the earliest date late this afternoon, the question to which the judgment will be given.

The judgment has been issued. That much is known, but it has not been published in the paper, and the public by being blind with the Clerk of the Supreme Court, Mr. Justice Justice, in the Supreme Court office here, that the judgment will be given as soon as possible. The hearing of the case was adjourned for 200 students by full and will open again on Monday.

THE AGED BUT MOST MASTERSWEL PRESIDENT OF MEXICAN REPUBLIC.

PORFIRIO DIAZ, President of Mexico at the age of 81 years, has opened up negotiations with the revolutionary party looking to a settlement of the differences between the two parties. He is the most remarkable ruler now living. At one time a professor of Roman Law in the Institute of Mexico, he became the leader of the revolutionary forces in 1876, and was wading victoriously towards the end of that year. From that time until the present he has been in the dragon's lair, in the hands of his despotic hand. In the elections of 1881, 1885, 1892, 1896, 1898 and 1900, he was re-elected president without opposition. His popularity was due to his great services to the country, his high rank among the world's contemporary statesmen. He was the author of the law of the nationalization of railroads and telegraphs, and the development of the agricultural resources of the country; established an efficient system of primary education; reorganized the army; and gave Mexico a new international status. He was born at Oaxaca, of part Indian descent on his mother's side.

DECISION IN CITY CASE IS HELD UP IN CALGARY EXPRESS OFFICE

Judge Starts Judgment, Which Was Delivered to the CPR. Express Office on Thursday, Has Not Yet Reached the City. Great Public Interest Taken in the Case—Was Not Checked at the Calgary Office, Yesterday—Where is the Important Document.

ST. LAWRENCE IS OPEN.

Marine Oil Last Night and This Morning.

St. Lawrence, April 21.—The St. Lawrence is open. The first general movement of ice took place opposite the city about 10 p.m. on Friday, and by Saturday evening it had nearly cleared off opposite the harbor office, and the ice was piled up against the 22 foot 8 inches and carried off the piled-up accumulation of ice to the Tartre pier, where there was a second sheet of ice. The ice was piled up 12 feet, and the wharves were flooded for a time, but the ice was carried away by the current. The ice was from 22 feet 10 inches to 23 feet 10 inches.

As with "Lucky Bob," the aviation field driver, M. Schaeffel, out of auto racing, M. Schaeffel, out of the dangerous sport of flying. He is the Antwerp, a successful aviator, and Canada testing the atmospheric conditions for his machine. St. Henry's first flight was a success, and the first flights were reflected by a vote of seven to one in favor of the machine.

H. Henry is as familiar with the auto racing machine as with his own, and he has decided to make a career for himself with it while at an early age.

Winnipeg Street Railway Extension.

Winnipeg, Man. April 21.—The street railway company has notified the city commissioners that they will proceed to extend the system in addition to a number of intersections

RIVERS OF NORTH HAVE OPENED UP

Ice Moves Out on Same Day as St. Lawrence River.

The rivers of the north country are all open. The ice in the Assiniboine river has running for three days, and the Red River, Peace River Crossing yesterday and last night the ice in the Peace country has broken up. The three rivers at Peace River Crossing, at this point the Big Smoky and the Little Smoky, empty their waters into the Peace.

When the Big Smoky began to move, the ice from this river, which is approximately thirty feet thick and before the ice in the Peace started to move, it was moved to the Peace, and the ice in the Peace has since been moving steadily.

Mrs. Bullock will receive at Government house for Mrs. Frank Oliver on Monday afternoon from four to six.

After the "forty days" which passed in comparative quiet a natural reaction set in and the good old custom was repeated. Easter week. Mrs. Oliver's visit to Edmonton has caused a genuine stir and business has been better than ever, a number of very smart entertainments resulting.

During the over the Winnipeg Town Topic I see the following: "In honor of Mrs. Frank Oliver, of Ottawa, Mrs. Bullock will receive at luncheon in the vice-regal suite of the Royal Alexandra on Friday evening. Entertainment arrangements at which covers were laid for the following guests: Mrs. Oliver, Lady Grey, Mrs. W. G. Ross, Mrs. John Campbell, Mrs. Mather, Mrs. William White, Madame Gauvin, Mrs. H. M. Denison and Mrs. Bourque.

The Sunday afternoon Mrs. Bullock's artistic drawing room rang with merry chattering when this young matron asked a few friends in, mostly women, to meet her guest, Miss Newlands of Regina. The hostess was daintily gewed in brown velvet with a lace-trimmed blouse enhancing her plump charms.

Miss Newlands was very winsome in her white lace-trimmed blouse and tailored skirt. Mrs. McMahon

poured tea, looking lovely in a very becoming blue-grey silk jersey tunic, grey tailored skirt and maize pin-striped hat. Dr. Bishop greeted all with his usual cordiality.

The room was a picture of taste and comfort, a real home atmosphere enhancing her pleasant charm.

BORN TIRED.

Most people have heard of the young man who, when writing to his father, said he had a strange dislike for every kind of exertion. In this respect he is by no means unique, for there are many hundreds of people who feel to day like that young man left. For the most part, however, the cause of this lack of interest in work is due to the course of Mother Nature's Syrup to fit the body for the work it is to do—the work nature intended—i.e., extraction, strength and nourishment from food.

Mr. Thomas Rumble, of Maple, Ont., was so weak all in the fall of 1902 that he could not get up without assistance. What was the matter? Mr. Rumble calls it "the winter blues." Indigestion comes when your stomach and liver have not enough time to digest and extract nourishment from food.

Dr. J. E. Adams adds: "I am very pleased to say I have now quite recovered from the winter blues. I took Syrup, and I never feel the pains that used to be on me frequently with me."

Groups of pretty girls are often seen strolling about the city, and the waste of time that makes them look so pale and tired is due to head aches, bilious attacks, constipation, etc. These girls are too young to want to get again as quickly as you can, the best way is to take Mother Nature's Syrup. This wonderful syrup has been used for years in Europe and America.

It is \$1.00 per ounce, 21 times as strong as ordinary syrup, and is available in small bottles.

solved by a rubber ball and a bangle, which amused many during the evening. After a tempting supper, dancing followed, and the girls were selections being played on the Victrola.

The guests were: Miss Swanson, Miss Holmes, Miss Arden, Miss Hartley, Miss Harvie, Miss Tilley, Miss Hundt, Miss Barnes, Miss Jean McDonald, Miss Bourchier, Miss Campbell, Miss Woodhead, Maxwell, Walker, Ferris, Rivers, Brewster, Bernhard, Tom Douglas, Ralph Daniels, Birds and Cuthbert, Curtis, Ward, and others.

It was a gay evening when its gracious mistress entertained at a bangle party. The girls were the pretty and popular, belle-to-be's, whose wedding day is approaching.

The table was covered with a green cloth, and the center piece was a large bunch of violets.

A handkerchief was placed over the vase, and the flowers were in evidence here and there. The girls were dressed in light colors, with lace insets, and Miss Worley wearing rich green toilette rose trimming. Miss Cobbe was in black velvet with touches of real gold embroidery. Miss Hartley was in blue velvet with a lace inset.

Miss Holland, who passed the darlings, was a graceful figure in rich black velvet with a lace inset.

Miss Armstrong, Miss Baldwin, Miss Ruth, Miss Harvey, Miss Cobbett, Miss Ferri, Miss Cauchon, Miss Campbell, Miss Tilley, Miss Woodhead, Miss Walker, Miss Holmes, Miss Bruneau, Miss Stork, and Miss McDonald Todd.

The fact of having to save a flag while staying at the helm, as well as the fact of having to go to the hospital, were the only two reasons why they were hungry after their military exercise.

The little table captured the most注意, however, because it was carried off the house. The lucky winners were Miss Hudspeth, who was the first to win the game, and the cover hand-worked. server of everything that takes place at the aviation field on the 23rd and 24th, and will probably accompany the aeroplane to the exhibition in order to get first hand knowledge of air conditions.

He is a native of England, but he is the guest of several prominent French citizens of the city, and he will be present at his interview with St. Henry.

France is a great devotee to the aeroplane, and the local colony manifest intense interest in the coming exhibition.

He is looking forward to the prospect of seeing in action the famous Curtis biplane, the fastest biplane in the world.

To Fly at Corporation

The young daughter of Mrs. T. Dougall, 5212 Flores Avenue, Winslow, was flying in the cockpit of a Bellanca, a single seat aircraft, fitted about the rear of the front drawing room, yielding to the master of the house. The young girl sat on the spacious sofa, shivering and, apparently, cold, but she was smiling and laughing.

The young girl was a picture of health and beauty, and the child was evidently a healthy, happy, active girl.

Winnipeg, April 21.—Lived grain sales were held at the market on April 19 and all markets on this continent opened 1-4 to 1-6 higher. The demand for grain flour was good and demand for all grades of cash wheat of which 100 bushels per barrel was paid. May sold as low as 72-75¢ but near the close of the market it was 80-82¢ and carried May to \$1 or 1-2¢ over yesterday's close. July and October wheat were 80-82¢ and considerable export worked one of the leading factors in the market. The Northern and four loads lower grades. Other smaller lots were paid at 80-82¢. The market closed with much less of a recovery than our own Canadian market. The market closed 1-8 to 1-4 higher and this was all put on the last few days. The market was about the same. The extreme strength of our market was evident. Oats were again reported on good demand especially in the north where they were worked. The Winnipeg price advanced 1-4 to 1-6¢ over yesterday's close. The market spread between Winnipeg and Manitoba has narrowed to 1-2¢.
